Dear Mr Bowen

Thanks for your note and
check. If it will not trouble
you too much will you order
several papers with my letter
in it - to \$5 each for sometimes
when I am a few days late
to do so, I have failed to get
them - If I can, or have pleased
your brother ~~over~~ with my letter, ^{my}
I am truly pleased - I discovered
his taste in literature as well as his
knowledge - He shall be home
next week, when the poet who sends
his regards, will visit you -

We have greatly enjoyed the
late turmoil of the sea in the
late storm - But it is very hard
to describe. Very truly
